CONCERTED EFFORT WILL BE MADE AGAINST THE BOOTLEGGING JOINTS

Good Citizens Are Aroused Over Lawlessness

What appears to be developng into a concerted crusade against the bootlegger and other law breakers, was begun last Friday evening at a mass meeting held at Stanford. The meeting was held under the auspices of the state department of the American Legion and at it were present representatives from various divisions of the American Legion, of Stanford University, of Sequoia and Palo Alto high schools of the United States Base Hospital at Menlo Park, the Spanish American War Veterands and other civic and patriotic organizations.

At this meeting the queston of the bootlegger and his illicit trade was gone into thoroughly and was handled without gloves. A great campaign which will have as its object the extinction of the bootlegging fraternity and the ridding of this section of the country of its menace was laid out. As a beginning of this campaign it was decided to form a committee consisting of every citizen who is in favor of law enforcement in this district. The following pledge was drawn up for this committee to sign.

"Believing in law enforcement and realizing the special needs of the enforcement of laws directed against the illicit traffic in liquor and narcotics in the district immediately adjacent to the Veteran's hospital, Stanford University, Sequoia and Palo Alto Union High Schools, and other educational institutions, we, the undersigned, hereby endorse the movement for law enforcement instituted by the state department of the American Legion and pledge our support to measures directed to such enforcement, and agree to serve as a member of a committee which shall co-operate for such enforcement."

This movement has met with approbation on all sides, and the law violater has come in for his share of condemnation, official and otherwise this week. The Redwood City board of trustees has signified its intention of using their efforts through the local police system of ridding the town of the bootleggers who are opperating here. To this the police have also pledged themselves. The same is true of Sheriff McGovern and his office and District Attorney Swart. The officials only ask the co-operation of the public and the support of public opinion.

This section of the county has for some time been marked by federal agents as one of the worst districts in this part of the state. It is to clear this cloud and to protect the youth in the schools and the boys in the base hospital that this movement has been started. Aside from these reasns, the effort to free the district of law breakers is also finding support from the mere fact that those who sell liuor are poor citizens and are violating the constitution of the nation.

The present crusade is growing in force daily and is finding support in the entre press of the vicinity as well as the churches and civic organizations. The rapidity with which the movement has taken hold shows clearly the state of public opinion. The people of Redwood City and the surrounding territory are tired of the bootlgger and mean to get rid of him.

FORMER REDWOOD CITY GIRL TO MARRY

Word received this week from Miss Helen Corwin, who is now in Pleasantville, Penn., states that she is to be married there today. Miss Corwin is the daughter of Mrs. Ida Corwin of this city and lived here until about two years ago when she left for Pennsylvania to visit her grandmother, with whom she has made her home since.

The charming bride-to-be is a graduate of the Sequoia Union High School with the class of '18, and during her residence in Redwood City was one of the most popular members of the younger set of the city. She was a leading member of the young people's organizations of the Congregational church, and devoted much of her time to work among the foreign element and assisting in the work of the Spanish church at Five Points.

The groom is Roy Holtz, who is engaged in the production of petroleum in Pennsylvania. It is understood that the young people will be married at the home of the bride's grandmother in Pleasantville and will then leave on a honeymoon, which will include a visit to Washington, and to many of the points of historical interest in the East.

RED CROSS SEEKS MEMBERS

D. W. Williams, chairman of the local chapter of the Red Cross has announced that the week beginning October 6 will be devoted to the annual drive for members of that organization. Posters have been distributed throughout the town and a strong effort will be made to secure funds for the Red Cross.

Last year only 250 persons joined the Red Cross and paid their dollar to aid the sufferings of the sick. Much of the money raised by the local chapter this year will be used at home, Williams announced this week. It is thought likely that the chapter may be able to contribute to the maintainance of the free clinic which is now being maintained here.

Arrangements have been made to have contributions for the Red Cross received by either of the banks. Frank K. Towne is treasurer of the local unit and Mrs. J. Winter is secretary.

FIREMEN PLANNING BIG ANNUAL DANCE SOON

Plans are being made by the Redwood City Fire department for their big annual dance which is to take place this year on October 25. The annual dance of the firemen is an event always looked forward to by the dancing fans of this vicinity and it is the pride of the local department that each succeeding dance finds them more popular than the previous ones.

The annual dance of the department is the only appeal made for funds for the maintainance of the efficient department, which is one of the points of pride of Redwood City. Tickets will soon be on sale for the event and a committee of the firemen will canvass the town and call on all residents with tickets.

TWO WORLD FLYERS TO VISIT HERE

Two of the world flyers, Lieut. Wade and Lieut. Ogden have accepted an invitation of Walter M. Kellogg, manager of the local district of the Pacific Gas & Electric Co., to stop over for dinner at the Kellogg home on their return from the north. The visit of the fliers is out of recognition of services rendered by employees of Kellogg when their plane balked at South San Francisco.

When speeding to the city where an enormous welcome had been prepared for them the battery in the plane which Wade was piloting suddenly went dead and he was forced to land in a field. Batteries were hurriedly order from a nearby garage, but upon their arrival, none were found that would fit the plane. L. W. Marshall and Paul Mantz, employees of the electric company happened to be near with a car and offered the fliers the battery in their car which just fitted the machine. The plane was then able to proceed.

ROY W. CLOUD TALKS BEFORE ACADEMY

County Superintendent of Schools Roy W. Cloud addressed the Academy of Sciences in San Francisco last Wednesday on the subject of the redwoods. It was a lecture of the local man on the same subject given before the Sequoia Club of San Francisco which drew the attention of members of Islam Temple to the possibilities of the Hooper property in this county for a park. The land was soon afterwards purchased by the temple for a camping and recreation park.

ooo

DAN FLYNN TO HEAD ASSESSOR'S ASSOCIATION

County Assessor Dan Flynn of this city returned Wednesday from Napa, where he had been attending the state convention of assessors. During the convention Flynn was honored by being made the president of the Assessor's Association of California. The local man was previously vice-president of the organization, and succeeds C. P. Bayley of Riverside, who was unable to attend on account of illness. The next convention will be held in San Diego.

Mr and Mrs Ed Beebe and Mrs Mary Beebe of Tunitas were guests of Mr and Mrs Harley Mansfield last Saturday evening.

Business Directory of Redwood City and Vicinity Published

The Times-Gazette has just completed the publication of a business directory of Redwood City and vicinity which will be found of great value to phone users. This paper has expended much time and expense in the compilation of facts for this work, which is intended to be an accurate and convenient directory of business houses and telephone users of this district. The names in this book have been twice checked and found to be correct, as it was the ambition of the publishers to produce a book with as few errors as is humanly possible.

The Times-Gazette directories will within a day or so be mailed to every phone user in the district covered by the directory. If the readers of this paper do not receive a copy within the next few days, they are reuested to call at either this office or at Young's Drug Store, where a copy of the directory will be given them free.

It is the hope of the publishers of this work that the convenient little book will find a place near every phone and that the advantages of a book of this kind will be appreciated by the public. The directory also affords a good buying guide of the local merchants who deserve the support of the buying public. A classified directory of business houses will be found in the back of this book, which will at once show the merchants engaged in any line of work.

Al. G. Barnes Circus Coming to Redwood City

"There's a Burma girl a-waiting, an' I know she thinks of me," one is likely to quote from Rudyard Kipling, when the Burmese "rapid transit rolling stock" with the Al G. Barnes wild animal circus comes to Redwood City Monday, October 13.

This unit of the Al G. Barnes great wild animal circus represents a part of the 2000 educated wild animals and 1050 performers and actors, including three tribes of Indians— Washoe, Escondidoes and Paches, who will play an important part in the sensational circus feature, "Pocahontas at the Court of Queen Anne," the colossal fantastic extravaganza that opens the big program.

More than 100 pretty girls from sun-kissed California, many of whom have appeared in some of the latest motion-picture productions of this year, will also be included in the cast of chorus and ballet girls.

And last—but not least, there will be the greatest movie-star of them all—Joe Martin, himself.

It's the show that's different.

Runnymede News Items

The Runnymede '49er Club's program which had been arranged by the comunity players proved a most interesting program. Every number was heartily encored and the male quartette of the comunity players proved a pleasant surprise. There was a good crowd though the hall was not crowded to the doors, as is usual at the literary programs and a neat sum will be realized for the playground equipment.

The Woman's Club had a most interesting meeting Wednesday afternoon. After the business session a program suggestive of the country of Scotland was presented by Mesdames R. M. Basham, W. S. Wardlaw and J. A. Cameron and refreshments were in keeping with the topic.

Harvey Olsen arrived from Colorado Wednesday to resume his studies at Stanford. He entered Stanford last year and passed his summer vacation at home.

Elwood Molseed is here from Petaluma with his parents this year and is attending Sequoia High School.

Mr. and Mrs. S. W. Hull and Mr. and Mrs. F. C. Nickerson motored to Modesto for a few days' visit last week to attend a Womans' Club banquet.

RUNNYMEDE FOR COOLIDGE

Runnymede, the prosperous chicken colony in the southern end of San Mateo county, is going to give the Coolidge and Dawes ticket a big vote on November fourth. The republican ticket will receive eighty per cent of the vote there. The reason for this is quite aparent. The tariff act of 1922 placed a duty of 8 cents per dozen on eggs and 18 cents a pound on the dried yoke of eggs crushed and powdered which substituted for fresh eggs and used by confectioners and bakers and a similiar rate on the albumen alike prepared. When this section of the tariff was up for a vote La Follette voted against the measure asking that these commodities be placed on the free list, which would injure the poultry industry of the state. These articles were on the free list in the democratic tariff of 1913. No wonder then that the chicken men of the state are going to vote as a unit for Coolidge and sanity.

DEMOCRATIC COMMITTEE ORGANIZED; REPUBLICANS TO FORM NEXT TUESDAY

Last Saturday afternoon the Democratic County Committee met and organized for the coming election. James V. Swift and Chris Stillesson, both of this city were elected as president and secretary, respectively. The committee passed resolutions of homage for the late President Wilson and pledged their efforts to the election of trhe present democratic candidates for president and vice-president.

The republican county committee will hold its organization meeting next Tuesday, at which time plans will be made for furthering the candidacy of President Collidge and Dawes. It is not known who will head the Republican forces of the county, but it is expected that an active campaign will follow the organization of the committee.

A raid conducted by Sheriff McGovern last Wednesday evening on an alleged gambling den, operated by Yow Kee of Menlo Park, resulted in the arrest of Yow and nine visitors at the alleged den. The visitors were later released. Yow Kee was to have appeared before Justice of the Peace Ray Griffin last Thursday evening, the case was continued however, to Monday

PLANS ARE NOW BEING MADE FOR FIRE PREVENTION WEEK OBSERVANCE

WAR VETERAN CLUB IS FOR COOLIDGE

An organization known as the Republican Association of War Veterans has been formed in this county as a unit of the state organization of the same name. The organization meeting of the club was held last Tuesday evening at San Mateo, where representatives from all parts of the county met. A large number of war veterans from this city have aligned themselves with the organization and others are expected to join when it becomes more firmly organized.

Roy Mingins of this city was chosen secretary at Tuesday's meeting and Dr. John N. Blood and Eric Thompson from this city were chosen on the executive committee: The others elected at this meeting include Stewart Nelson of San Mateo, president and John A. Sinclair of San Mateo, Charles K. Kirkbride of San Mateo, Kenneth Melrose of San Mateo, William Highland of South San Francisco, Basil Metropolis of Burlingame, Ernest Norberg of Burlingame, Jerome Hallinan of San Mateo.

COOLIDGE LEADS IN STRAW VOTE

A representative of the Times-Gazette took a straw vote of the citizens of Redwood City at the corner of Main street and Broadway one day this week and secured 200 votes with the following result:

Coolidge 110 votes, La Follette 70, and Davis 20. This will be a fair example as to the result of the vote in Redwod City on November fourth. The result in the county will be proportionately greater.

WOODSIDE NOTES

The long range weather predictions are anything but encouraging to the inhabitants of Woodside. We are accustomed to an insufficient water supply even in the best of years, and have learned to economize in the use of water. But the shortage of rainfall for the past few years has depleted the storage to such an extent that the maintenance of lawns and gardens in becoming a serious proposition. Many of the wells have ceased to function and we have hoped for a long wet season to refill the underground storage reservoirs.

Mr. and Mrs. Isaac Upham have sent out cards for a barbecue to be given at their country place here on Sunday. The Uphams recently closed their summer home on the Russian river and returned to Woodside for the autumn months.

Mrs. Fred Mighall was one of thirty-six guests entertained by Mrs. James Eva at a luncheon given at Tait's-at-the-Beach on Wednesday afternoon.

Mortimer Fleishacker and family are remaining at Woodside later than usual this year, he fine weather we are having here making them unwilling to return to San Francisco.

Mrs. Arthur Wolfe has been suffering for several days from an attack of the grippe which has kept her confined to her bed.

John Volpiano, a student at the Sequoia High School has been kept at home for several days with an infected hand. John says that he has not worried as much about the possible effects of the infection as about the loss of recitations at school.

Frederick Asmuss sees no reason why he should not quit school and start out as an emulator of Daniel Boone and other famous hunters and trappers. With a limited equipment and in a settled comunity, he has snared four coons in two weeks which he thinks is proof sufficient of his peculiar fitness for the job.

John J. Kelly has been making extensive improvements adding several roms to his house.

The apple crop is being harvested. Next to prunes, apples form the most important agricultural crop of this valley. The crop this year will be a little below the average both in quantity and quality as a result of the dry season last winter.

We are glad to see Samuel Westcott about again after his long illnes.

All of Next Week To be Officialy Set Apart

Fire Prevention Week, October 5 to 11, will not go over unnoticed in Redwood City. Not if Fire Chief M. E. Ryan knows it. The energetic chief of the local department has always been active in the dissimanation of fire prevention propaganda, and he is now planning a forceful campaign to impress upon the people of Redwood City what fire prevention means and how to use it.

Among the feautres planned by the local department are actual demonstrations of the activities of the fire department. These demonstrations will include the turning in of alarms and the use of the fire boxes as well as how alarms are turned in where there are no boxes available.

The first demonstration will be given Monday night when several hundred Red Men are expected to be in town and participate in the event. Other demonstrations will be given for other lodges, for the schools and for the Woman' Club. All these organizations are asked to aid in making the week a successful one, and judging from the way Fire Prevention Weeks have been put over by the department in the past, it is safe to predict that this one will loose none of its force here.

COOLIDGE AND THE WORKINGMAN

THE position which the individual holds in the conception of American institutions is higher than ever before attained anywhere else on earth." These words of President Collidge are well worth considering now that other forces are endeavoring to alienate the vote of the workingman of America from the present government. What is the president's attitude in regard to the workingman of America? He has clearly stated it himself. His words are:

"When service is performed, the individual performing it is entitled to the compensation for it. His creation becomes a part of himself. It is his property. To attempt to deal with persons or with property in a communistic or socialist way is to deny what seems to me to be this plain fact. Liberty and equality require that equal compensation shall be paid for equal service to the individual who performs it. Socialism and communism cannot be reconciled with the principles which our institutions represent. They are entirely foreign, entirely un-American. We stand wholly committed to the policy that what the individual produces belongs entirely to him, to be used by him for the benefit of himself, to provide for his own family and to enable him to serve his fellow men."

Never in the history of the United States have the wages of the workingman had so great a purchasing power as at the present time. Never has the average man enjoyed so many luxuries as he does today. Socialism or communism seeks only to destroy what our ancestors have toiled for centuries to create. Russia may well be taken as a warning to the voters of America.

ANOTHER CALL

ONCE more it is the season for the annual roll call of the Red Cross. Members will be sought for the local chapter of the organization, and dollars will be needed to carry on the work of the institution here. During the war, on account of the great tide of enthusiasm which accompanied the struggle, practically everyone joined the Red Cross, and the money so sorely neede was poured in without stint. Since that time it has been a different matter, the enthusiasm has subsided, and while the war time needs of the organization are not present today, yet the great work of the Red Cross is going on now as it did then. Since the boys have returned from France, the organization has again turned its efforts to the needs at home. Even in Redwood City great good has been done, quietly and without ostentation, it is true, but very potent service, never the less. The annual drive for membership will open on Monday and we join with the officers of the local chapter in urging all to help in this worthy cause.

FIRE PREVENTION WEEK

FIRE PREVENTION WEEK. What is it? What does it mean to the average reader? Well, last year it might have meant something over $511,000,000 in the United States, for that is the amount of property which was destroyed by fire in this country during the year; more than $1,400,000 a day. Most fire is the direct result of carelessness somewhere. Fire Prevention Week is the time set aside all over the nation to draw attention of the public to the ways in which small fires, which may end disastrously may start, and for showing the public the needs of greater care in handling fire.

Last week a carelessly used cigarette in the hotel Del Monte caused a $2,000,000 fire. It would have taken the smoker about a second to have extinguished the cigarette, but it took a big force of men hours of hard work to put out the fire in the hotel. That is the reason for Fire Prevention Week.

We, in Redwood City, have so efficient a fire department that we are without the horrible examples which impress the needs of fire prevention so strongly upon the mind of the person who sees a great conflagration; but it is not necessary to look far to see the results of carelessness. Fire prevention should be made the daily practice of the individual. It is to foster this that Fire Prevention Week is observed.

AMERICA LEADS AGAIN

JUST returned from Europe where he remained seven week visiting the leading radio engineers and scientists in governmental and private radio circles abroad, David Sarnoff, vice-president and general manager of the Radio Corporation of America, says:

"I investigated the broadcasting systems of England, France and Germany and met the principal persons, both in government and private circles, responsible for the development of radio in Europe. My conclusions are that broadcasting, which was initiated in our own country, has advanced in the United States, both as a public service and as an industry, to so great an extent as to make comparisons with European countries almost impossible.

"In France, it is just beginning, and in Germany, it has hardly begun. In England, greater progress has been made than in other European countries, but even there it cannot be said to compare favorably with the United States either as to quality or variety of programs, or as to effectiveness, simplicity or small cost of receiving apparatus, manufactured and sold for home use.

"Governmental regulations and restrictions retard the growth of the broadcasting art in Europe, and at the same time deprive the listening public of the freedom, enjoyment and instructive information available to all in the United States."

Once again has the private initiative and inventive ingenuity of America gained for the common citizen advantages far in advance of the government-owned, government-controlled or government-regulated service in Europe.

PARIS NIGHT LIFE MAKES FILM ROMANCE

Gay Paree, its glamorous night life, the theatre, the brilliant Bal des Artistes, a beautiful dancer known as the White Moth, who is the idol of the stage, an extraordinary romance--these are some of the chief ingredients that went into the making of "The White Moth." First National picture which will be shown at the Sequoia Theatre next Monday and Tuesday, October 6 and 7th.

Two young American millionaires, brothers, visit Paris, and one of them, who is already engaged, falls in love with The White Moth. The other, in order to prevent the marriage, weds her himself, and the same day leaves his bride. This is the unusual situation that brings about what is said to be one of the most novel of denouements ever screened.

Barbara La Marr has the title role as The White Moth and in it she is said to give the screen her best characterization. Conway Tearle, co-featured with her, portrays the brother who goes through the marriage ceremony. The other brother is played by Ben Lyon.

Maurice Tourneur. the great French director, produced "The White Moth" from Izola Forrester's story of the same name, and the supporting cast includes such well known names as Charles de Roche, Edna Murphy, Josie Sedgwick, Kathleen Kirkham and William Orlamond.

CATHOLICS OF COUNTY PREPARE FOR JUBILEE

Preparations are now nearing cofpletion for the golden jubilee of the Holy Name Society, an organization of the Catholic church, which is to take place in San Francisco tomorrow. The occasion is the 650th anniversary of the founding of the order and will also be in the form of a home-coming reception to Archbishop Edward J. Hanna, who has just returned from Rome.

Special trains have been arranged to carry those who wish to attend the affair from points outside of San Francisco. One train will leave Menlo Park at 11:25 and will leave here at 11:30. About one hundred local Catholics are planning on attending, according to esmates made this week.

Catholic parishes in this county which will participate in the occasion are : Mt. Carmel of Redwood City; The Nativity of Menlo Park; St. Catherine of Burlingame; Our Lady of the Pillar of Halfmoon Bay; Holy Angels of Colma; and St. Bruno of San Bruno. There will be a band accompanying the San Mateo county parishes in the parade which will march to the Civic auditorium, where the exercises will take place.

The order of services at the Civic Center will be as follows:

National Anthem—"Star-Spangled Banner."

Opening Remarks—Dr. J. Franklin Smith, Archdiocesan President Holy Name Union.

Address—"The Catholic Citizen," Hon. Edward F. Dunne. Ex-Governor of Illinois.

Choral Selection—"Call to Arms," Bishop Joseph Anderson. Catholic High School Girls, Professor Edward Hutchings, Directing.

Remarks—Most Rev. Edward J. Hanna, D. D., Archbishop of San Francisco.

Community Singing—"Come Holy Ghost."

Benediction—"O Salutaris Hostia" "Tantum Ergo"

Community Singing—"Holy God, We Praise Thy Name."

A WEDDING

We don't know who is responsible for this one, but we thought we would pass it on to our friends

We had a fashionable wedding at the home of one of our oldest families last Thursday. George Alley married Katie, the daughter of Colonel "Andy" Frew. The wedding was held early in the morning, as the happy couple wished to take a wedding tour over the N and S. V. railroad to Newport.

The wedding was performed at 6:30 by Squire Brown. After a sumptuous breakfast of sausage, buckwheat cakes, coffee and bananas, the bridal couple departed on the early train for Newport, returning on the noon train the same day. The bridegroom looked happy and the bride handsome.

The next day after the wedding George was in the store and after sitting behind the stove for about two hours, evidently in deep thought, he rose, stretched himself and remarked, "Traveling certainly is tiresome."

MANAGER WORTHINGTON EXPLAINS TELEPHONE CONNECTION SYSTEM

Coincident with a steady influx of new inhabitants to and a consequent considerable growth and expasion has come the necessity for increased telephone facilities. For each telephone counted in the net increase of 360 telephone stations, since this time last year, five telephones have had to be connected or disconnected. To facilitate this work, the Pacific Telephone and Telegraph Company maintains in this city 275 terminal boxes. Many inquiries as to the contents and use of these black painted box-like arrangements attached high upon certain telephone poles have brought a comprehensive description from Manager J. D. Worthington, of this district.

"The large number of telephones in use in Redwood City and vicinity, as well as other communities in this vicinity, has made the use of cables, containing as many as 1,212 pairs of telephone wires, common, said Worthington. "Each pair is assigned to some subscriber's telephone or station. The conection for each station is made by a pair of insulated or covered wires, usually twisted or wrapped together, extending from a pair of metal binding posts, in the terminal box, to the telephone apparatus inside the building. These insulated wires or conductors cannot be conected directly to those in the cable because the latter are separated from each other only by thin paper wrappings which would be quickly destroyed by moisture. The terminal boxes are so constructed as to permit the paper covered wires of the cable to be connected to the base of a series of binding posts embedded in a water-tight and air tight compound. The other ends of the binding posts project through this compound and are provided with threads and nuts to hold the ends of the conecting wires.

STAR WEARS LATEST CREATIONS IN FILM

Miss and Mrs. Moviefan will have a gorgeous display of feminine finery upon which to feast their eyes in "The Perfect Flapper," Colleen Moore's First National picture showing at the Sequoia Theatre on next Wednesday and Thursday, October 8-9.

Colleen Moore wears many stunning gowns in this picture but her costume representing Juliet, the Shakespeare heroine, is especially appealing. Flappers will also be interested in the latest vogue in bobed hair as exemplified by the perfect flapper of the screen. Phyllis Haver, the famous bathing beauty is to be seen in some daring creations in the bal masque scenes.

"The Perfect Flapper," aside from its pretentious presentation, boasts an unusually brilliant cast in the persons of Sydney Chaplin, Frank Mayo, Phyllis Haver, Lydia Knott and Charles Wellesley, John Francis Dillon directed.

Every man believes he could make a fortune on the stock exchange if he only had a little capital to start with.

If the women ever should take it into their heads that they really want to vote, there will be a lot of political loafers looking for jobs.

ONE OF OUR BEAUTY SPOTS

(Contributed)

A few weeks ago we took a trip to one of the beauty spots of San Mateo county. It is about a ninety minute ride from Redwood City. Our way took us through La Honda. Did you know that La Honda means "the road through the trees." Up the hillside that overlooks the bay, through the glistening green of the towering semperverins, then down the valley that leads to the foam fleet shores of the ocean was just an hour's ride.

Before we reached San Gregorio we came to a gate on the right hand side of the road. It was labeled, "To the Nook." We went in. The road was choppy and uneven, there were more gates to open, soon we crossed a little creek and then on to another. More gates followed until we came to the Tubbs place. There we left the car, and despite the fact that we were trespassers, and despite the sign that read "Trespassers will be prosecuted" we went down the canyon to the most beautiful little lake imaginable. It covers about two acres. The redwood trees around it are so big and so tall that the water is mostly in shadows. Great big trout jump for the flies and larvae that float out on the surface. Waterdogs slowly paddle about. The creek banks adjoining are massed with ferns. The chipmunks are unafraid as they wait for the morsels you throw them.

No one bothered us as we ate and talked of the wonders of nature. We knew that we should have had permission to be there, but we were behaving ourselves and we cleaned up before we left. We enjoyed a beautiful place and were better for it, and who believes in signs anyway, that say, "No Trespassing Allowed."

And this is just one of San Mateo county's beauty spots.

THIRTY-SIX TAKEN IN MENLO PARK BOOZE RAID

Police officers and deputy sheriffs, headed by Sheriff T. C. McGovern, last Saturday night raided a house near the Holy Cross cemetery in Menlo Park which it is alleged is a bootlegging joint and a house of illfame. When the arresting officers appeared they found a large number of men in the place besides the two alleged proprietors and two women. All were placed under arrest.

The scene when the posse arrived at the house is said to have been one of jollity. The party was being entertained in front of a large fire and were making merry with alcoholic drugs of the kind that are fast becoming extinct. When the raiding party was sighted the inmates made a rush to escape, but found that McGovern had effectively guarded all ports of egress and all were taken into custody.

The proprietors of the place, Edward Kavanaugh and Fred Egli, were released on $5,000 bail and each and appeared for a preliminary hearing on Tuesday. Their time for pleading was set for last Wednesday, but was continued until next Tuesday at the request of their attorney, J. J. Bullock.

The two women, who gave their names as Edna Calvin and Edna Lewis, ages 23 and 33 respectively, and their addresses as San Francisco plead not guilty to the charge against them and will also be given a trial next Tuesday.

Of the others arrested, five claimed to be minors and were released in court. The remainder appeared in court last Tuesday and were fined $10 each. This amount was paid by each and they were released.

SAN MATEO WOMAN FILES DIVORCE ACTION

Suit for divorce was filed early this week in the local Superior court by Mrs. Lora Haynes of San Mateo against William Haynes, her husband. Mrs. Haynes cites instances of cruelty to support her action and asks for $50 per month and title to community property in San Mateo said to be valued at $8,000. The Haynes were married in San Francisco in 1920.

NEW DEPUTY NAMED BY DISTRICT ATTORNEY

Papers of appointment of Edmond Scott to the position of assistant district attorney were filed Wednesday in the office of County Celrk Elizabeth M. Kneese by District Attorney Franklin Swart. Scott is a young attorney of San Francisco, who since his graduation from St. Ignatius college, has been connected with the law firm of Percy Towne of San Francisco.

Scott succeeds William Sweigert who resigned some time ago to accept a position with Cullinan and Hickey in San Francisco. He will begin his new duties immediately.

INTERLOCUTORY DECREE GRANTED

An interlocutory decree of divorce was granted last Monday to Mrs. Mable L. McKeever from Myron L. McKeever. The complaint was based on charges of cruelty by the plaintiff, who was represented by Attorney Archer Kinkaid. The plaintiff was granted $30 a month maintainance, as well as $75 attorney fees.

The couple were married on July 31, 1918 and separated in August of this year. They have resided in Redwood City since their marriage.

Klamath Power Is Necessity For All State, He Declares

Had Klamath river power been developed there would have been no power shortage in Central and Southern California, declared T. W. Hine, president of the Eureka Chamber of Commerce. Hine, who is one of the leaders in the campaign to defeat initiative measure, Number Eleven, at the November election, said Klamath river power could have amply supplied Northern California, thereby permitting the diversion of Sierra power for the use of Southern California. Hine declared it is vital for farmers and everyone throughout the state to vote "No" on initiative measure, Number Eleven, at the November election.

KLAMATH RIVER HAS ONLY POWER IN U. S. RIGHT AT TIDEWATER

Klamath river has the only great power project in America right at tidewater.

Within forty miles of ocean transportation on the lower Klamath river there can be developed 200,000 horsepower of electric energy, almost twice greater than is planned at Muscle Shoals, on the Tennessee river. Potential possibilities of the Klamath river are said to exceed 500,000 h. p.

In order to make these possibilities a realty, voters throughout California are working for the emphatic defeat at the November election, of initiative measure, Number Eleven, which seeks to forever prevent the development of the unappropriated power resources of the Klamath river.

KARNAK
Is Giving Hundreds Here a New Grip on Life by Restoring Health, Strength and Energy of Younger Days

Never before has this city seen such a revival of the spirit of youthful vigor and energy as has been manifested since the introduction here of M. Pierre Andre's famous health building medicine Karnak!

People who have been dragging around half sick—waking up dull and tired, eyes heavy, head dizzy, tongue coated, bad taste and offensive breath, are now bright and happy, full of pep and radiating health and energy as a result of taking Karnak.

Hundreds of men and women here who have been suffering from just such symptoms as indigestion, stomach, liver and kidney disorders—many of them of long standing, and some weak, thin and apparently on the verge of collapse—are now like people re-born again.

These happy people testify that Karnak has fully restored them to their normal weight and strength and made life worth living again.

Try this great Karnak yourself! Notice the quick difference in the way you eat, sleep, look and feel—the remarkable improvement in your health, strength and energy. The cost is small and you will be completely satisfied; otherwise the Karnak agent will refund your money without even questioning you.

Karnack is sold in Redwood City by the Young Drug Co., and by the leading druggists in every town.

Something to Think About
By F. A. WALKER

OUR UNWORTHY SELVES

TO BE constantly discussing the deficiencies of others without considering our own, is a common human failing.

It requires no special perception to see the faults in those around us, but to discern our own, is quite a different matter.

Indeed it is not strange that we balk at the effort.

It is a job that we do not like to contemplate, even when we are in a good humor.

But if we would achieve, attain and be highly respected, the obvious thing to do is to stand up and face the music, though the notes be disquieting.

Whoever is not doing his utmost to overcome his own defects, is cheating himself.

The first sane step we take toward self-improvement is the one taken arm-in-arm with self-dissatisfaction.

We tread then on ground in a new world, where we discover to our amazement sins within us equal in every respect to those we so loudly condemn in others.

Humans who are living in one sphere cannot understand those in another position. They have been trained in a different camp.

Yet each person has his or her own problem to solve, its correct solution being dependent upon individual discernment and ability.

If by being considerate of others we should pull the weeds from our own gardens and patch up the open fences, we might become more charitable.

We would be so busy overcoming our own imperfections, so pleasantly and profitably occupied, there would be no time at our disposal to search for flaws in our neighbors.

The whole world would be brighter.

The brotherhood of man would be knit closer together.

Men and women everywhere would be better, more hopeful and happy. There would be less heartaches and fewer tears.

Let us pack our hearts full of love and sympathy.

Let us look first for defects in ourselves. Let us not be satisfied until we have found them and flung them away.

Then we shall know how to live—how to bring heaven's sunshine into the lives of our kin.

What They Remark and What They Really Mean

Nearly all adversse criticism means, "I could have done it much better."

All praise of the gushing variety means, "I couldn't have done better myself."

"Please criticize this work for me," usually means, "Please give this the once-over and then praise me."

"Please don't observe too closely, for the house is in a frightful state" usually means, "Take a look and see if you can find any dust."

"I didn't have time to do my hair" usually means, "I think it arranged very becomingly and you are invited to share my opinion."

"I am not half good enough for you" means, "Please assure me that you consider it an honor to be courted by a man of my excellence."

"The common people are half-baked idiots" means, "The common people haven't sense enough to appreciate me."

"Hurrah for Brown" means "Brown's opinions are similar to mine, which is sufficient evidence that he is a good and wise man."

"I had few advantages as a boy" means, "Haven't I accomplished wonders for one so handicapped at the start?"

"I'll be glad to introduce you to any of these people" means, "Make a note of the fact that I am on intimate terms with all of these big guys."—Baltimore Sun.

Continue Search for "Lost" Arizona Mines

Of all the legends of buried treasure the most persistent is the one about lost gold mines of Arizona. Only the Indians are supposed to possess the secret of this baffling mystery, although the story has been circulated for more than a century.

That there once were mines in the region is indicated by references found in early Spanish diaries and by the tales passed down through several generations of natives who were compelled to dig the ore as slaves of their conquerors. The chief evidence in support of the tradition is the altar of the San Xavier mission, not far from Tucson. It is described as being "inlaid with virgin gold." Mission records show that the precious metal was brought from Canada del Oro where it was mined by Indians under the direction of Spanish priests.

But no trace now exists of the diggings, and the old trail over which the gold is said to have been carried by pack mules disappears abruptly in the sands.—Popular Mechanics Maguzine.

Musk Oxen Muskless

The musk ox of North America is a true connecting link between wild cattle and sheep. It has horns like the wild Cape buffalo of Africa, cattle-like hoofs, and its flesh looks and tastes like beef.

It has next its body a dense coat of soft, clean woolly hair, and through this grows a rain coat of very long, straight brown hair like that of the Tibetan yak. It has a tail so short and small that the animal seems tailless.

The horns meet in a broad base over the top of the skull, drop far down then sharply curve upward for several inches, terminating in sharp points. They are specially designed for puncturing the vitals of wolves and polar bears.

The musk ox lives and thrives even up to the farthest north for hoofed animals, says the Detroit News. Its supply of "musk" and its "musky" odor are both wholly imaginary.

Birds as Prophets

In early days superstitious people paid considerable attention to the birds and their different cries, which were believed to foretell events. Thus comes the old saying, "A little bird told me." Traces of this belief are to be found in our own Old Testment, where verse 20, of chapter 10, of Ecclesiastes, speaks of "for a bird of the air shall carry the voice and that which hath wings shall tell the matter." It is generally agreed that it is from this belief in the universal knowledge of birds, which, of course, are supposed to see everything from the sky—that we get this saying.

ICE
is your smallest -item of expense

Compared to the constant benefits you get from a well-iced refrigerator, the cost of ice is almost trifling. Ice will pay for itself in the food it saves. You get its added benefit at no cost.

Ice keeps your foods pure and wholesome. It is the cheapest form of health insurance you could buy. Stale foods, even before they spoil, are not wholesome, and frequently cause sickness.

The safe way is the economical way—keep your refrigerator filled with ice *all the time*.

NEWS OF MENLO PARK

Mrs. Devol, wife of Major General Devol, returned home this week from her extended trip to Europe. She was accompanied by her husband and on their return to the United States some time ago, the general came home while Mrs. Devol spent a few months in Florida.

The duck season opened auspiciously for local hunters on Wednesday. Numerous bags were brought to town. Among those securing the limit were Joseph Cull, W. A. Carnduff, and W. T. Casey who went to the preserves across the bay.

Mrs. Eugene Kelly's bungalow on Mills avenue is nearly completed. It is a modern structure with all the late conveniences. Mrs. Kelly, who has been a resident of Portola for a number of years, will make Menlo Park her permanent home.

The Hagedorn home in Menlo Oaks was sold at auction last Saturday to Mrs. Wyman for $11,500. There were only a few bidders. The property brought a fairly good figure.

A petition was in circulation this week among the citizens for signatures asking that the officers of the county direct their energies towards punishing all violations of the Volstead Act. Hundreds signed the petition.

Last week St. Joseph's Alumni presented the parochial school with a high-priced football. The members of the alumni are doing many kind acts like this for their alma mater. Large things are contemplated.

Registration closes this evening. If you are not on the register you will not be able to vote for Coolidge or the other presidential candidates on November 4. Be sure you register this evening.

The ladies of Menlo Park, aided by the men, are determined to secure a swimming pool for Menlo Park, and by their present enthusiasm they will succeed. An organization has been formed to secure plans and select plans as follows:

An organization was formed to prosecute plans for the pool. L. H. Cook, Menlo Park business man, was made chairman and Mrs. J. W. Ryan, secretary. The committee to look into the question of a location is made up of James Mason, clerk of the school board; Mrs. William Moore, Mrs. J. T. O'Keefe, Mrs. Frank Derry and George Murray. Ways and means will be discussed by Mr. Mason, Mrs. O'Keefe, Mrs. A. W. Gale and Frank Caine.

Mr. and Mrs. Edward L. Eyre will close their Atherton home tomorrow and return to San Francisco for the winter. Their son and daughter-in-law, Mr. and Mrs. Edward A. Eyre, who spent the summer with them at Menlo Park, will go up at the same time.

Announcement that a branch of The Bank of Palo Alto is to be opened within a few weeks in Menlo Park was made this week by P. M. Lansdale, president. The branch will be under the same ownership and management as The Bank of Palo Alto, both being directed by Mr. Lansdale, who, with all other officers, directors and employes of the institution, will remain with the bank, notwithstanding the purchasng of the controling interest by the Mercanile Securities Company, announced this week.

Commenting on the plans of opening the branch bank in Menlo Park, Mr. Lansdale, siad: "We are going into Menlo Park with the intention of supplying ample funds for financing the development of that district as we have the fullest confidence in the future possibilities of the Menlo Park vicinity."

The Menlo Park Improvement Club will give a dance in Native Sons Hall this evening. Those who attend may be assured of a good time.

With few exceptions, the summer homes at Menlo Park and Atherton, will be closed for the winter this week, their occupants returning to San Francisco for the season. Among those who left this week were the Henry Rosenfields, William Boyd Weirs, J. H. Judsons, Charles Dunphys, George Fifes, Samuel Shortridges and Charles McCormicks.

Father Lennon met with a mishap last Friday that will prevent him from taking part in the Holy Name Society parade in San Francisco tomorrow. He was answering a sick call and in crossng the highway was struck by a passing automobile and thrown to the ground. The injuries he received were only slight.

About 200 men will leave here tomorrow morning on a special train starting from Menlo Park at 11:30 o'clock. This train will take passengers all along the line to San Francisco and land them near the Ferry building. The San Mateo county contingent will rest on Main street on Market joining the parade at 1:30. F. W. Johnson is to be the flagbearer. On returning the train is to leave Third and Townsend streets at 6:45. It is expected that there will be 50,000 people in the parade.

It was rumored yesterday that the Mercantile Trust Company that bought the Palo Alto Bank recently, will erect a two story reinforced concrete building on the corner of the highway and Railroad avenue moving to the rear the present one-story structure. This property was acquired by the purchase of the Palo Alto Bank that conducted a branch here during the late war when the military camp was located here. The lower floor is to be used as a bank and the upper story for offices.

John MacBain has been appointed a member of the finance committee of the State Republican Central Committee. Mr. MacBain held a similar position during the presidential campaign four years ago.

Under the supervision of Foreman F. W. Johnson the Bay Road from the Ringwood road to the bay has been reconstructed so that it is now one of the finest thoroughfares in the county.

Miss Adeline Isabel Weeden closed her eyes in the silent sleep of death Sunday evening last, surrounded by her loved ones. She was conscious up until a few moments before the end came. Realizing that life was ebbing fast away, she called her loved ones about her, telling them in detail what disposition she desired to make of her keep sakes, naming her pallbearers and telling of the nature of her funeral arrangements, she bid her relatives a fond last farewell. Looking as if she saw in the distance her Lord and Master beckoning her to come she gasped with her last breath the sacred name of Jesus. Her eyes closed and all was over. Her pure white soul took its flight to that Kingdom of Eternal Glory to meet her God she served so loyally and Faithfully upon earth.

Miss Weeden was the only daughter of J. E. Weeden and the late Lola Weeden and the step daughter of Mrs. Mary Weeden, and was born in Fenlo Park 25 years and six months ago.

At a very early age Miss Weeden showed great piety, sanctity and devotion. Her religious zeal was noticeable by her companions and her family. Graduating from St. Joseph's parochial school, where she won a wonderful record as a dilligent student, she went to Los Angeles and entered St. Vincent's convent to prepare herself to take Holy Orders and become a nun. It was her desire to enter the cloister there to devote her life to the work of her Creator and dedicate herself to prayer and sacrifice. She longed for the time she would be permitted to take her final vows and be clothed in the garments of a nun, but she was doomed to disappointment, for after a year at the college she was taken ill and was brought to her home here. Miss Weeden suffered for four long years scarcely leaving her bed in that time. She was cheerful believing that her health would return and she would go back to the life she had planned. Her devoted father and fond stepmother did every thing possible for the girl. Medical experts from all parts of the state were called but her malady baffflied medical science. No cure could be found, the girl prayed fervently and constantly for her recovery, but she was destined by a decree of Divine Providence that her pure young life should go in its innocence to Him from whom it came. Towards the end of her illness she realzed this and was resigned to make the journey to that other and better land.

The funeral on Tuesday was largely attended. The alumni of St. Joseph's school attended in a body, as did the students of that institution. Following a requiem mass in the Church of the Nativity, the remains were laid away alongside those of her mother in Holy Cross cemetery, there to await the dawn of the eternal morn.

The committee apointed by the Parent-Teacher Association to purchase a projecting machine for the public school has decided on the large machine carried by the Acme Company. The cost of this machine and the necessary screen has been more than anticipated so the chairman and trustee of the moving picture fund announces a fine movie show at the auditorium of the public school for Friday evening, Oct. 10, to help raise the necessary additional funds. If more tickets are sold than the seating capacity of the auditorium, a second show will be given at 9:15 the same evening.

Menlo Parlor No. 511 N. D. G. W. will give an old-fashioned and jazz dance on Tuesday evening, October 7. A good orchestra has been secured for the occasion and a good time is promised to those who attend.

PERSHING RELINQUISHES JOB TO HINES

General John J. Pershing, on his sixty-fourth birthday, gave over his job as Chief of Staff to Major John L. Hines, U. S. A. As General Pershing occupied the office for the last time when the officers on duty in Washington paid their respects to their retiring chef. L to R—General Pershing, Maj. Gen. John L. Hines.

Frog That Liked Eggs

A little girl who studies birds made the discovery that a frog will eat a blackbird's eggs, the London Morning Post reports. She found a low-built nest with two eggs, one having a small hole at the big end. Next day she found a frog on the nest, its tongue flicking in and out of the hole. "Either the noise of the grass under my feet, or the gasp I let out," she relates in a kind of affidavit, "frightened the frog away." On the third day she found both the eggs with holes and empty. Unlike toads, frogs boast teeth, but are not usually reckoned among egg thieves.

Reason for Nicknames

During the contest between Charles I and his parliament it was fashionable among the church people to give Scripture names to their children, and sometimes the name would consist of a phrase, or even an entire verse. One child was actually named "Who Comforteth Us in All Our Tribulation, That We May Be Able to Comfort Them Which Are in Any Trouble With the Comfort Wherewith We Ourselves Are Comforted," Tichbourne. And what do you suppose the kids dubbed him when he started to school? "Trib."—St. Louis Globe-Democrat.

U. S. ROUND-WORLD FLYERS SIGN REGISTER ON ARRIVAL AT BOSTON

Photo shows Lieut. Leslie P. Arnold, mechanic of the flagplane "Chicago," signing the register at the Boston Airport immediately after the three round-the-world planes had landed in the harbor nearby that afternoon. Behind him are, left to right: John Harding, Jr., mechanic of the "New Orleans;" Lieut. H. H. Ogden, mechanic of the "Boston," which joined the other two planes at Pictour, N. S., that Ogden and his chief might finish the flight after the Boston had crashed in flying from Orkneys to Greenland; Lieut. Erik Nelson, commander of the "New Orleans," Lieut. Lowell H. Cleaning Without Odor by the F. Thomas Process

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes
